Part I: Introduction

The Code of Student Conduct is based on the philosophy that instruction should occur in an environment conducive to learning and that the school atmosphere should be positive and one in which students and school personnel work cooperatively toward common goals. The School Board, administration, faculty, staff, parents and community hold the highest expectations for the conduct of students in Dixie County Schools. Students are expected to be in school and ready to learn each day and are to demonstrate appropriate and responsible behavior at all times. They are expected to refrain from any conduct which interferes with another student's opportunity to learn, and are expected to contribute to a safe and orderly learning environment by respecting themselves and others, their property, and school rules and regulations.

Attendance

Compulsory School Attendance

Florida Statutes state that school attendance is mandatory between the ages of six (6) and eighteen (18) unless the student and his or her parent/guardian file a formal intent to terminate school enrollment with the district School Board. Rules and regulations pertaining to those laws as well as those regarding pupil transfers into and out of the county shall be available to all students and parents.

Number of Absences

A student with six (6) or more absences and a passing grade in any class during any nine week grading period will receive a grade of 59* for that class until a successful appeal is made as outlined below. A student with eighteen (18) or more absences per year long course and a passing grade in any class will receive a grade of 59* for that class until a successful appeal is made as outlined below. Any student who has perfect attendance and no unexcused tardies during a nine week grading period will have one additional point added to his/her grade average for each class in which this criteria is met. However, grades cannot exceed 100.

Appeals Process:

- (1) Students with six (6) or more absences and a passing grade, receive a grade of 59* (F) on his/her report card for that class.
- (2) Students/parents have five (5) school days from the issuance of the nine week report card to submit a letter to the principal requesting an appointment for an appeal.
- (3) Official documentation from a third party is required.
- (4) If an appeal is denied or the student/parent does not set an appointment within the five (5) day deadline, a failing grade of 59* for the class will remain in effect.

Excused/Unexcused Absences

Regular attendance and a cooperative attitude are necessary ingredients in an environment which promotes learning. Parents and guardians are responsible for sending their children to school. Whenever a student is absent from school, the parent or guardian of that student is required by state statutes to contact school officials in order to justify the cause of each absence.

Excused absences/tardies may only be used for the following legitimate, documented reasons:

- (1) Illness or injury of the student
- (2) Death in the immediate family
- (3) Legal reasons
- (4) Religious holidays or services which are mandated for all members of the faith and which cannot be observed outside of the regular school day
- (5) Other individual student absences beyond the control of the parent or student as determined and approved by the principal or the principal's designee

Unexcused absences/tardies include but are not limited to:

- (1) Truancy
- (2) Missing the bus
- (3) Trips not pre-approved
- (4) Shopping
- (5) Hunting, fishing, attendance of games
- (6) Birthdays or other celebrations
- (7) Gainful employment

Truancy and Driver's License Eligibility

Any student who accumulates 15 unexcused absences within 90 days will be defined as a habitual truant. The Department of Motor Vehicles will be automatically notified by computer when a student is truant and this may result in the driver's license being suspended. When this occurs, the student must attend school for 30 consecutive days without any unexcused absences for a reinstatement request to be issued.

Cell phones and Wireless or Electronic Devices

Personal cell phones may be brought to school under the following conditions:

1. Cell phones are not to be seen or used during class time or in the classroom.
2. Violation of this provision will result in confiscation of the phone. The phone will be sent to the front office. The student may pick the phone up at the end of the school day.
3. A student who refuses to relinquish his/her cell phone will be considered insubordinate.
3. The school is not responsible for lost or stolen phones.

Check In and Check Out Procedure

- Students arriving late to school must sign in at the front office and then report directly to class.
- Students cannot miss more than ten (10) minutes of the class period or they will be marked absent.
- Students may not check out unless the parent/guardian signs their child out in person at the time of check-out or sends a notarized note/notarized fax for each check out stating the time the student is to leave and the destination.
- Dixie County High School is a closed campus. Students may NOT check out to leave campus for lunch.
- In case of an emergency: At his/her discretion the principal or designee may permit a student to check out of school.
- The parent/legal guardian may place two additional responsible adults on the checkout list, as long as the adult is not a student. This responsible adult will be allowed to check out the student in case of an emergency as determined by the principal or designee. The parent/legal guardian will be responsible for going to the guidance office to add the additional responsible adult on the approved checkout list. This name will be permitted to be changed once during the school year by the parent/legal guardian if needed.

Dress Code

Students' mode of dress and grooming in the school shall meet standards of decency, modesty, personal hygiene, and safety, and be conducive to maintenance of a proper educational environment. Accordingly, extreme hairstyles and make-up, excessively revealing clothes, and costumes or accessories which tend to distract fellow students in the pursuit of their educational activities or disrupt the normal activities of the school will be prohibited. State statutes prohibit a student, while on the grounds of a public school during the regular school day, from wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment. Appropriate attire is set by the administration of Dixie County High School and includes, but is not limited by the following:

- Pants, shorts, and skirts worn at natural waistline
- Shorts and skirts worn longer than fingertip length
- Shoulders must measure at least three inches; no tank tops or shoulder straps
- Hats are not allowed to be worn in class.

Violations of this policy will result in the student being sent to Internal Suspension until such time as the student is appropriately attired.

Food and Drinks on Campus

All food and drinks must be consumed in the cafeteria or pavilion areas, with the exception of plain bottled water. If a parent or guardian brings food then it can only be received during lunch and a parent/guardian must communicate this with the students.

Hall Passes

During school hours a student must have a written hall pass when out of his/her regularly scheduled class. Each teacher has a receipt book assigned for passes.

Lockers/Storage Spaces

Lockers and/or storage spaces for student use are provided by the School Board of Dixie County. As such, these lockers and storage spaces are the property of the School Board. Any student, who accepts the use of a locker/storage space, accepts it with the understanding that it cannot conceal or hide any such item or material that is illegal or against school policy or regulations. Upon accepting the use of the locker/storage space the student does so knowing the locker/storage space is subject to be searched at any time and for any reason that school officials deem appropriate. School personnel are not responsible for stolen or misplaced property. Lockers are assigned with a lock. If the lock is not left on the locker at the end of the year, a fee will be assessed.

School personnel will also be responsible for supervision 30 minutes before and 30 minutes after school-sponsored activities (including the time during which the activity occurs). School personnel are not responsible for supervising students beyond that point.

Tardy reports will be run daily. Upon a student's third tardy to class in a nine week grading period, the student will receive lunch detention. Lunch Detention will be located in a room in the front of the cafeteria. Students who are late to lunch detention will be given an additional day. Part III: DUE PROCESS

Due Process is another name for fairness of process. Fairness of procedure is due process in the primary sense. Due process is a right guaranteed to all by the Fifth and Fourteenth Amendments of the Constitution. Policies and procedures for discipline of a disabled student will be provided to the parent or guardian during the initial eligibility staffing. Individuals must have proper notice and an opportunity to be heard, and the hearing conducted fairly. Students must be informed either orally or in writing, of the rules violated. The basic ingredients of due process procedures are as follows:

- Individuals must have prior opportunity to know that their actions would be in violation of established rules and regulations.
- Individuals must have the opportunity to know the specific charges or complaints being made against them.
- Individuals must be given a fair and impartial hearing.

Student Grievance Procedure

A grievance is defined as an alleged violation of the School Board of Dixie County policies or unlawful discrimination or harassment. The grievance process is available to all students and applicants for admission. Throughout the student grievance process the claimant, accused, and all others involved in the investigation are guaranteed confidentiality and protection from retaliation. Such grievances may be filed in the following manner:

Step One: If an individual public school student believes that an action by the school, by another student or by a school representative has violated his/her rights under School Board Policies, the student shall seek within sixty (60) school days of the alleged occurrence a resolution through informal discussion with a teacher, guidance counselor, dean of students, or assistant principal of the school who shall in turn mediate on the students' behalf with the individuals alleged to have committed the violation.

Step Two: If informal discussion does not resolve the issue, the aggrieved student will submit a written statement of the grievance to the school principal or the district Equity Coordinator within ten (10) school days after the informal discussion of the alleged occurrence. The statement shall include a description of the specific rule/regulation allegedly violated, the date of the violation, the resolution sought and the signature of the student and parent or guardian.

Step Three: Within ten (10) school days of the receipt of the written grievance, the principal or the district Equity Coordinator shall render a written response to the aggrieved student and parent or guardian, which shall uphold, modify, or deny the resolution sought.

Step Four: If the student is not satisfied with the response to step three, the student may within ten (10) school days of the response submit in writing the alleged grievance to the District School Superintendent.

Step Four: Within ten (10) school days, the Superintendent shall issue a written response to the aggrieved student and parent or guardian. The decision of the Superintendent shall be final.

Student Records

Philosophical Basis:

A well-developed student record file contains information needed for making appropriate educational decisions for the student. Student records are to be treated confidentially and should contain information that is relevant, accurate, and appropriate.

Access to Student Records:

In general, a student's records are available to parents of the minor students (under age 18) and to students who have reached age 18 or are attending a post secondary education institution (eligible student). In addition, federal and state statutes allow student records to be made available to others who have a bona fide need of information. Copies of the District's policies regarding student records are available at each school and the School Board office.

These policies will always be in compliance with state and federal regulations concerning student records. Eligible students and parents of minor students have the right to inspect and review permanent education records of the student. The parent or eligible student may request access to the records through the school principal. The principal will make records available for review within thirty (30) days of such request. Information regarding the cost is also available from the school. Information in the records may be challenged by a parent or eligible student. A parent may refuse to permit the designation of any or all categories of directory information with respect to his child by notifying the principal in writing ten (10) calendar days of the beginning of school. Unless there is a specific written request in the cumulative folder, directory information on the student may be released. Parents or eligible students will be provided a list of types of directory information included in student records, upon written request to the office of the Superintendent. Purging, transferring and copying of student records are done in accordance with federal and state statutes and federal, state and local procedures.

Responsibilities of Student, Parents and Guardians:

- To inform the school of any information that may be useful in making appropriate educational decisions.
- To authorize release of pertinent information to those individuals or agencies who are working actively and constructively for the benefit of the student. Release of records of students 17 years of age or younger who attend an

elementary or secondary school requires the signature of the parent or guardian.

Rights of Students, Parents and Guardians:

- To inspect, review, and challenge the information contained in records directly relating to the student.
- To be protected by legal provisions which prohibit the release of personal identifiable information to other than legally authorized persons without the consent of the parent, guardian, or eligible student. (Eligible students are those 18 years of age or over and/or those attending a post-secondary institution.)

Educational Equity Act

The School Board of Dixie County is committed to the principle and practice of equal opportunity and affirmative action. The School Board of Dixie County complies with the letter and spirit of federal, state and local laws and regulations prohibiting discrimination and/or harassment based on race, color, religion, political affiliation, national origin, sex, disability, age, marital status or social and family background. Employment and educational opportunities for students, employees and applicants are provided under the principles, equal opportunity and affirmative action.

Limited English Proficient

Limited English Proficient (LEP) students who meet program eligibility criteria shall have equal access to all programs. No national origin minority or English proficient student shall be subjected to any disciplinary action because of their use of language other than English. Disciplinary actions for LEP students are common to non-LEP students.

Pledge of Allegiance

Florida Statute: 1003.44 Patriotic programs; rules.— requires that the Pledge of Allegiance must be recited at the beginning of the day in every public elementary and secondary classroom in the state. Students may be exempt from participation upon written request of the parent/guardian.

MOMENT OF SILENCE

Florida Statute :**HB 529: Moments of Silence in Public Schools, Effective Date: 07/01/2021, Chapter No. 2021-89.**
